

ADOPT ME!

Meet BOSCO

This adorable goofball will make you laugh till you cry and then go in for snuggles.

Bosco is a 4yr old, blind Catahoula X greyhound and is an absolutely beautiful boy.

Found in a cemetery with a head injury and wounds on his paws Bosco thankfully found his way to us and is thriving in care.

He knows all of his basic verbal commands plus some extras that allow him to navigate new areas safely.

Bosco is a social butterfly getting along with dogs of all sizes but would prefer a calm, small to medium-sized dog as his BFF. Not fully tested with cats but he seems to be a bit scared of them. He loves everyone and 'talks' when excited which may scare very young kids.

Bosco loves walking and jogging but equally loves sleeping and snuggling as long as you are there. He is sensitive to the elements so will need to continue to sleep inside but he is fully crated and house trained.

Bosco is ready and waiting for the happy ending he truly deserves!

Bosco is currently located in Canberra, ACT .

*Interstate adoptions are welcome.
